

Chapter 242 Member,

Chapter President Dawn Sleva represented the chapter at NTEU's 58th National Convention held virtually last week. The convention opened with a [video](#) highlighting the NTEU's achievements in the past two years; followed by opening remarks by National NTEU President Tony Reardon, who highlighted the important contributions NTEU has made to improve the working lives of federal employees and the work that needs to be done in the future. In addition to reviewing and adopting proposed changes to the NTEU Constitution and Resolutions, as recommended by the Resolutions Committee (President Sleva served as a member), the convention delegates re-elected Martha Solt, former Chapter 207 President – FDIC Headquarters, to serve as the National Vice President for District 9 (which includes all of the NTEU represented FIRREA agencies, among others) and approved Atlantic City as the site for the 2025 NTEU Convention (the 2023 Convention will be held in Detroit).
